# Welcome

Ykids was founded out of a passion to see the lives of children and young people transformed by the love of Jesus. Growing up in broken and dysfunctional family myself, I discovered the love of Jesus at 15 and it turned my world upside down.

As a young Christian trying to find my way I met a pastor who believed in me. He gave me the opportunity to lead, make mistakes and try again. He gave me wings. Ever since, I have understood the value of giving young people the opportunity to lead, experiment, and try new things in an environment that believes in them and encourages them to grow.

Ykids has been running an intern programme now for over 15 years and many of our interns have gone on to be youth workers, teachers and pastors. One was even called to open her own cafe, which after a number of years she did!

So if you are serious about wanting to give a year of your life to serving others, growing in faith and skills, and discovering the heart of God - why not give it a try and see where He takes you?

Our mission is to bring hope, love, joy and opportunities in the lives of children and young people to help them discover that they can have life and purpose in God's kingdom.

Ykids is a charity based in Bootle, seeking to improve the lives of children and young people living in some of Merseyside's poorest communities. Our mission is to raise 'World Changers'; young people who, despite their circumstances, have become emotionally resilient, have self-belief and a hope for their future.

The need in our local area is huge. We are ranked in the bottom 1 and 2% of most deprived communities in the UK, with high levels of gang-related crime, drug use, violence and poverty. Literacy and attainment are poor with 87% of children failing to gain the national standard for Maths and English at GCSE.

# What is a Ykids Internship?

An internship with Ykids is an opportunity to serve God, grow in faith and develop your leadership skills. Ykids offers a huge variety of faith based and community opportunities from small group work to large scale events, schools work to mission and outreach. No two weeks are ever the same!

We work over 2 main sites, our main base which is a former library and Kingsley and Co, our Steampunk Explorer themed Children's bookshop and literacy project in the local shopping centre. We also use many other venues across Bootle and the City.

Ykids is fast paced and fun, and because we do so many things there is a place for everyone to use their knowledge, develop new skills and space and opportunity to try things out in a supportive and encouraging atmosphere. We expect you to make mistakes - that is how we learn!

So if you are passionate about children and young people coming to know Jesus, and real and lasting community transformation, this could be the year for you!

*I got the opportunity to be involved in a wide variety of activities, at Ykids. I started off by helping with Juniors and during Covid-19 I led online sessions and ran games and craft activities. I supported Friday Football which was a challenge but it grew my confidence. One of my highlights was helping out in the Pantry. I loved building good relationships and supporting parents. Intern time deepened my relationship with God; we would worship God, and pray for each other. The internship made me realise how much I love working with children and as a result I went to Camp America to work as a counsellor at a Christian summer camp.*

*I am now in my second year studying Criminology. I am an active member of the Christian Union, which has further developed my faith.*

*I got involved with Ykids through my youth group. We were invited to join them at a Christian festival called DTI. On this trip I got to know the intern leaders and a few of the youth they work with. In this time away I was deeply inspired by the passion and faith of the leaders and hearing about the variety of work they do back at Ykids; I decided to apply! Since then my confidence has grown exponentially both in the work place and with youth and children's work. My faith has also grown much deeper from the intern times we have on a Friday where we worship, pray for each other and dive deep into scripture which is incredibly soul feeding! I'm now running a worship ministry band with a fellow intern which I would never have dreamed of doing prior to this internship! There's never a day that's the same here, the team is really supportive and wouldn't ask you to do something if they didn't think you could do it already. If your looking to grow in confidence, faith and gain workplace experience then this is the place to be!*

# Closing Message From Intern Leads

*We hope you have enjoyed reading through the Internship prospectus and that it gives you a good idea of what an Internship with Ykids might look like.*

*Of all the incredible things we do at Ykids, leading the internship programme is such an honour and privilege which brings us so much joy. We have seen some amazing young people journey through the internship programme. We have seen them grow not only in skills and confidence, but also in their relationship with Jesus. Being a part of young people discovering what God has in store for them is a true blessing for us. If you are considering applying for the Ykids internship we encourage you to do so. We have seen time and time again that when we step out in faith God always meets us and walks with us through life's greatest adventure. A life following the call of God on our lives.*

*Many Blessings,*
